Clinical Investigation II
(Other Diseases and Safety)

Time: 15:45 – 18:15
Aug 19, 2015, Wednesday
Room: PAB 106
Chairman:
    Jacqueline Whang-Peng M.D.
    Taipei Medical University
Co-Chairman:
    Hen-Hong Chang M.D.
    China Medical University, Taichung
Panelist:
    Zhang-Jin Zhang
    The University of Hong Kong

Abstract 031-043

Present 031; 035; 036; 039; 040; 041; 042; 043
Absent 031 – Beijing
         033 - Korea
         034 - Korea
         037 - Sinphar Pharmacy
         038 - Shanghai
035. A Proprietary Herbal Medicine (5-Ling Granule) for Tourette Syndrome: A Randomized Controlled Trial. Zhang-Jin Zhang (HK)

5-LGr (11 plants, no=363, 15-22.5g/d)
Placebo-control (no=117)
Tiapride (no = 123, 200-400 mg/d)

Showed 5-LGr is comparable to tiapride in reducing tics can be considered a 5-LGr safe and effective therapy for TS.

042. TCM Tongue Diagnosis for Patients with Lupus Nephritis. Hen-Hong Chang & Yu Hsiang Tsai (Taichung)

Dr. Tommy Cheng suggests, may next meeting, will have a TCM Tongue Diagnosis workshop to verify the same medicine with same clarification for different tongue diagnostic criteria.
